Entering his second season in the NASCAR Slim Jim All Pro Series, Chad and his entire JASPER Team are eager to get their first victory in the series.

It was unfortunate, however, that while competing in the 2000 season-opener at Homestead, FL, Chad would end up leaving the track early with a broken ankle and a destroyed race car. Even though a multi-car accident may have broken a few of Chad's bones and his race car, it did not, however, break the team's spirit. They have rebuilt and Chad has completed an extensive rehabilitation period. Bland Motorsports is now more determined than ever to reach their goal of driving into victory lane in the 2000 season.
